SMARTWATCH

2023

About

Canyon Smart Watches - gadgets for an active lifestyle!

Canyon offers the array of wearables for all types of physical activity. From classical fitness bands that track daily steps to full-fledged virtual trainers that help to maximize your achievements in sports.

Superior performance

With Canyon smart watches you can monitor daily activity, heart rate, ECG, sleeping time, get sedentary reminders as well as track multi-sport workouts, steps, receive training advices and more. Stay online - get incoming calls, message alerts and reminders from your smartphone. Some of the models are synced with Strava, the most popular fitness app. Canyon watches are designed in trendy shapes and colours, using pleasant-touch hypoallergenic materials. Visual interface is always clear and user-friendly. All models are protected from dust and water.

Canyon Life – custom Android and iOS Application

Canyon Life App syncs data with a smartphone, keeps it safely stored in a user-friendly interface. Advanced algorithms analyze stats, giving fitness tips. Canyon software dev team updates the app and provides personal user support.

Care about your loved ones

Canyon offers a range of GSM watches for kids and seniors with SOS buttons, location tracking, voice messaging and more. Take care about your children or elderly parents using the all-in-one smart solution by Canyon!

Canyon Life App

Our Smart App, tailored to the whole range of smartwatches, allows users to make the most of their devices. Notifications from e-mail, messengers and calendar, control over the important personal health and sports readings, and even the remote access to the data from your kid's tracker – this list of app features is far from exhaustive. This app provides stable work and perfect data security. You can access all the necessary information no matter what model you're using today. Canyon Smart App is one step ahead of your expectations!

Advantages of Canyon Life App

Stable work with no lags

Correct multilingual adaptations
to 27 languages

Instant detection and
connection to your watch

Compliance with the EU General
Regulation of Data Protection, Storing
and Processing (GDPR)

Built-in setup master helps to
connect watches properly

Messaging, calls and social
notifications. Sports activity status.

Clearly understandable stats
tracked per each workout and per
day

All your watches and watches of
your kids can be connected to one
application

Track your route during sports
activities* and monitor your kids`
location

A young man and woman are smiling and embracing each other. The man is wearing a teal denim shirt, and the woman is wearing a light blue top. In the bottom left corner, there is a graphic of a smartwatch with a black strap. The watch face is circular and displays a photo of the same couple. The background is a bright, slightly blurred indoor setting. There are several pink geometric shapes (parallelograms and a trapezoid) scattered around the text.

SEMIFREDDO
SW-61**

Smart Watch

Semifreddo SW-61

With Canyon SW-61, everything is under control. First and foremost, it tells time! Second, sync it with your smartphone to receive calls and push notifications. You can control music playback and release the smartphone camera shutter. You can get in the water – the IP68 standard protects this watch. It happily monitors your heart rate, blood pressure and sleep, counts steps, and reminds you to drink water. There are 25 sports modes to keep track of the calories burnt. Choose from 25 languages and dozens of watch faces – the device is fully customizable. The best thing is: you don't have to charge it every night – the SW-61 model lasts 4 to 6 days in active mode. We bet you wouldn't want to leave home without this smartwatch!

**SMARTWATCH
BADIAN SW-68**

Smart Watch

Badian SW-68

This watch is a rare combo for sporty people! Look, we have 22 sports modes, from regular walks to baseball and yoga. Statistically speaking, there is a high chance that your favorite activity will be among the included modes.

If you are an avid swimmer, our watch is protected by the IP68 standard. It will monitor your heart rate, your sleep, and remind you to drink water.

To keep you comfy, we used hypoallergenic silicone for the strap. The watch is highly customizable and allows you to receive notifications and control media playback. All that without the nuisance of charging it every night — our SW-68 model lasts up to 6 days in active mode.

Please note that we care about your privacy — the Canyon smartwatch follows the GDPR standard and protects your personal data.

**SMARTWATCH
BARBERRY SW-79**

Smart watch

Barberry SW-79

The SW-79 smartwatch model by Canyon has a large and comfortable dial, dressed in a durable metal case. Besides the touch screen, it also has a button-wheel for the additional convenience of control. Despite the large size of the screen, the watch keeps a charge for a long time. It instantly connects to a smartphone via BT 5.1, and all data is collected and analyzed inside the proprietary Canyon Life application. Collect all the information you need about your physical activity and sleep quality, and check it in the visual interface of the application. Choose a convenient watch face format to monitor the necessary metrics and view message notifications.

A great assistant for tracking your activity status and daily use!

WILDBERRY SW-74

Smartwatch. Stylish metal body.

Wildberry SW-74

This stylish and lightweight smartwatch is a perfect tool to support you in your wellness journey. Its case and strap are created in colors, reminiscent of wild forest berries, a healthy and tasty ingredient used in many dishes. Count the number of steps you take every day, track your sporting achievements, check your heart rate, and conveniently switch music tracks during your workouts. In addition to physical activity tracking, this watch will help you get weather forecasts and even take pictures with the remote camera control. The discreet and versatile design of this watch easily fits any outfit, whether it is sporty, casual, or formal. Changeable watch faces will help you to express your taste.

The watch also provides a special women's calendar.

Kids Watch «Cindy» KW-41

Kids Watch «Cindy» KW-41

Do you want to get your kid a handy gadget?

The KW-41 smartwatch is an all-around device designed to meet children's needs.

It does not require a smartphone connection — a good choice if you want a distraction-free, standalone device. 4G connection allows 2-way phone calls and messaging, and you'll always be in touch.

This watch is waterproof, has a great battery life, and a dedicated SOS button — your kid's safety is our priority. Even more, there's 512MB of internal memory to use up for important stuff. We included 7 educational games, too, so this watch would be fun to wear!

Accelerometer (pedometer)

A close-up photograph of a black smartband device with two prominent buttons: a red one with 'SOS' and a green one with a microphone icon. The device is resting on a white surface. A pink semi-transparent box on the left contains the product name in white text. A yellow graphic element is positioned above the pink box.

SMARTBAND FOR SENIORS ST-01

ST-01

Smart Band For Seniors With SOS function

A reliable assistant for anyone who looks after elderly relatives and cares about their health! This smart band will help you to monitor their location and check their heart rate. It offers convenient telephone communication at the touch of a button, which is simple for a person at any age. The owner of the band can easily send you voice messages. Besides, you can turn on several notifications, such as crossing a security zone, lack of pulse data or low battery. You can set an alarm, and use callback and listening modes. Discreet control and care for your loved ones made simple and convenient!
